## ABOUT US

Opening the doors of quality for a price you can afford.

Nova Doors and Hardware was established in 2007. Starting in a small, 300-square foot showroom, we have grown into a multinational operation through our values of offering excellent products and superior, personalized customer service. Manufacturing mainly in the United States with supplemental facilities in Europe and Asia, we couple genuine innovation with value to offer a sought-after catalog of entry solutions. Headquartered in the heart of New Jersey, our extensive line is offered in most locales in the nation and throughout Canada.

As a manufacturer, we extend a higher level of service to our customers through bespoke designs, customized sizing, and infinite pre-hung services. Driven to provide positive customer experience and value, each product undergoes scrutiny in two phases: before packaging and again before shipment, ensuring the delivery of quality merchandise.

Nova Doors and Hardware is driven by a customer-centric model. We strive to offer the market top-quality product that is paired with like service. Our confidence that we do just that is underlined by industry-leading three-year interior door warranties and our lifetime promise that is given with each piece of door hardware you purchase.

It is for these reasons the NOVA reputation is envied industry-wide. This reputation is mirrored by our incredible distribution network and is why our brand enjoys high demand by leading home improvement retailers.

It's nice to meet you.

## Braga Series Interior Doors

Timeless Italian Craftsmanship Meets Contemporary Elegance.

Transform your interior with the refined beauty and precision engineering of the Nova Braga Modern Interior Door Collection. Meticulously crafted in Italy, this series marries cutting-edge design with timeless aesthetics—perfect for modern homes, stylish apartments, and elegant office spaces.

Available in a rich palette of five designer finishes—Bianco Matrix, Palissandro Matrix, Crema Matrix, Olmo Matrix, and Blu Matrix—each door brings a unique personality to your space while maintaining a cohesive, contemporary tone. Horizontal woodgrain textures that evoke natural elegance while complementing minimalist and modern interiors.

Crafted with tubular-reinforced engineered cores, these doors deliver a substantial, secure feel while significantly reducing sound transmission—providing both luxury and privacy. The result is a quiet, durable, and visually striking door that performs as beautifully as it looks.

# Italia Series Interior Doors

## European Elegance, American Craftsmanship

The Italia Series blends sleek European styling with premium performance, making it a standout in modern interior design. Defined by its minimalist silhouette and distinctive vertical glass insert, each door adds an architectural edge while maintaining a clean, contemporary look.

Designed in Europe and assembled in the USA, the Italia Series features a durable Smart Core construction for a solid feel and exceptional sound-dampening performance. Its PPL (Polypropylene Laminate) finish offers lasting quality with a smooth, modern texture.

From contemporary apartments to upscale homes, the Italia Series is one of Nova's top-selling lines - bringing both design sophistication and everyday durability to your interior spaces.

# Italia French Series Interior Doors

## Classic Glass Design Meets Contemporary Craftsmanship

The Italia French Series reinvents the traditional French door with a clean, modern aesthetic. Defined by its elegant glass lite patterns and sleek PPL woodgrain finishes, this series brings light, openness, and architectural character into any home interior.

With 7 distinctive lite configurations—ranging from 4 to 12 glass panels—the Italia French Series lets you choose the perfect balance of transparency and design. Ideal for separating spaces while maintaining visual connection and natural light flow.

## Key Features

- Elegant glass inserts in multi-lite patterns
- Available in premium PPL finishes including Swiss Elm, Light Gray, Alaskan White, and Premium Wenge
- Offered in 80", 84", and 96" heights, and six standard widths for design flexibility
- Proudly designed and assembled in the USA

From transitional homes to modern apartments, the Italia French Series adds timeless elegance and everyday function—perfect for offices, hallways, dining rooms, and more.

# Triplex Series French Interior Doors

## Bright Spaces. Classic French Styling.

A refined evolution of the beloved Triplex line, the Triplex French Series introduces traditional multi-lite styling to modern interiors. Designed to bring light, openness, and elegant geometry into any room, these doors feature fused frosted or clear glass panels framed in sleek, durable construction.

Crafted from solid wood, MDF, and high-quality triplex glass, the Triplex French Series maintains the flowing, airy feel of open spaces—even when the door is closed. Available in a variety of glass-lite configurations, from 4 to 12 panes, these doors are ideal for dining rooms, offices, living areas, and more.

## Key Features

- Offered in 80", 84", and 96" heights with six standard width options
- Available glass types: Clear, Frosted, White, and Black Triplex Glass
- Constructed with a 1- $\frac{3}{4}$ " thick slab and solid pine/MDF core
- Backed by a 3-Year Structural Warranty
- Assembled in the USA

With timeless French door charm and Nova's signature modern construction, the Triplex French Series is a favorite for homeowners seeking sophistication, transparency, and quiet luxury in every detail.

# Glam Series Laminated Interior Doors

## Minimalist Design. Maximum Impact.

The Glam Series is a bold statement in contemporary door design—where simplicity, structure, and elegance meet. With its pure matte and high-shine finishes, this collection delivers a clean and sophisticated look ideal for modern interiors. Available in two striking tones—Soft White and Satin Black—each model features sharp geometric detailing and refined proportions that elevate any space, from living areas to bedrooms to home offices.

With 10 carefully curated design options, the series offers a balance of subtle grooves, metallic accents, and minimalist layouts to match a variety of interior aesthetics. It's also highly adaptable to different installation styles, including swing, barn, sliding, and pocket configurations—making it a favorite for flexible floor plans and custom builds.

Whether you're outfitting a minimalist loft or designing a statement entryway, the Glam Laminated Series offers a seamless fusion of visual clarity, construction quality, and everyday functionality.

# High Gloss Laminated Series

## Sleek Light Play. Modern Monochrome.

The High Gloss Laminated Series is a stunning showcase of minimalist design and modern contrast. With its brilliant white gloss surface and bold black horizontal inlays, this collection brings visual drama and elegance to contemporary interiors. The high-gloss finish reflects ambient light beautifully, giving each door a luminous, polished presence.

Built with a solid core for strength and sound resistance, every door in the series is engineered for durability and backed by a 3-Year Structural Warranty. The look is clean, confident, and timeless—perfect for living rooms, bedrooms, studios, and modern open-plan spaces.

The Sydney model features wide black glass inserts, maximizing light flow between rooms.

The Ibiza model uses slim black panes for a more discreet, private appearance.

Whether you're designing for bold contrast or refined simplicity, the High Gloss Laminated Series is a striking solution for standout modern interiors.

# Laminated Series Interior Doors

## Stylish. Solid. Affordable.

The Nova Laminated Series brings together modern design and durable construction to offer a refined solution for today's interiors. Perfect for residential spaces, this collection delivers a contemporary aesthetic while maintaining the strength and weight of a premium door.

Each model is built with a sturdy MDF core over a wood frame, resulting in a heavy, solid feel that also helps reduce sound transfer—ideal for creating peaceful and private environments within the home.

## Design Options

With a wide selection of finishes—from cool, modern tones like Silverwood and White Wenge, to warmer styles like Japan Oak and Light Aloe—you can easily find the right look to match your personal taste and home décor. Clean lines, modern grooves, and textured laminates bring a tailored and timeless appeal to any room.

Whether you're updating a single room or outfitting an entire home, the Nova Laminated Series provides reliable quality and design versatility at an accessible price point.
